

Adding Proper and Improper Fractions (B)

Name: _____

Date: _____

Score: _____

Calculate each sum.

1. $\frac{1}{3} + \frac{5}{3} = \underline{\quad} = \underline{\quad} =$

2. $\frac{7}{9} + \frac{10}{9} = \underline{\quad} = \underline{\quad}$

3. $\frac{1}{2} + \frac{3}{2} = \underline{\quad} = \underline{\quad} =$

4. $\frac{1}{6} + \frac{13}{6} = \underline{\quad} = \underline{\quad} = \underline{\quad}$

5. $\frac{1}{3} + \frac{4}{3} = \underline{\quad} = \underline{\quad}$

6. $\frac{7}{9} + \frac{11}{9} = \underline{\quad} = \underline{\quad} =$

7. $\frac{2}{8} + \frac{15}{8} = \underline{\quad} = \underline{\quad}$

8. $\frac{2}{8} + \frac{20}{8} = \underline{\quad} = \underline{\quad} = \underline{\quad}$

9. $\frac{3}{5} + \frac{7}{5} = \underline{\quad} = \underline{\quad} =$

10. $\frac{4}{7} + \frac{11}{7} = \underline{\quad} = \underline{\quad}$
