

Connecting Cube Structures (A)

Instructions: Use connecting cubes to build the structures below. The bottom structure is shown from two different angles.

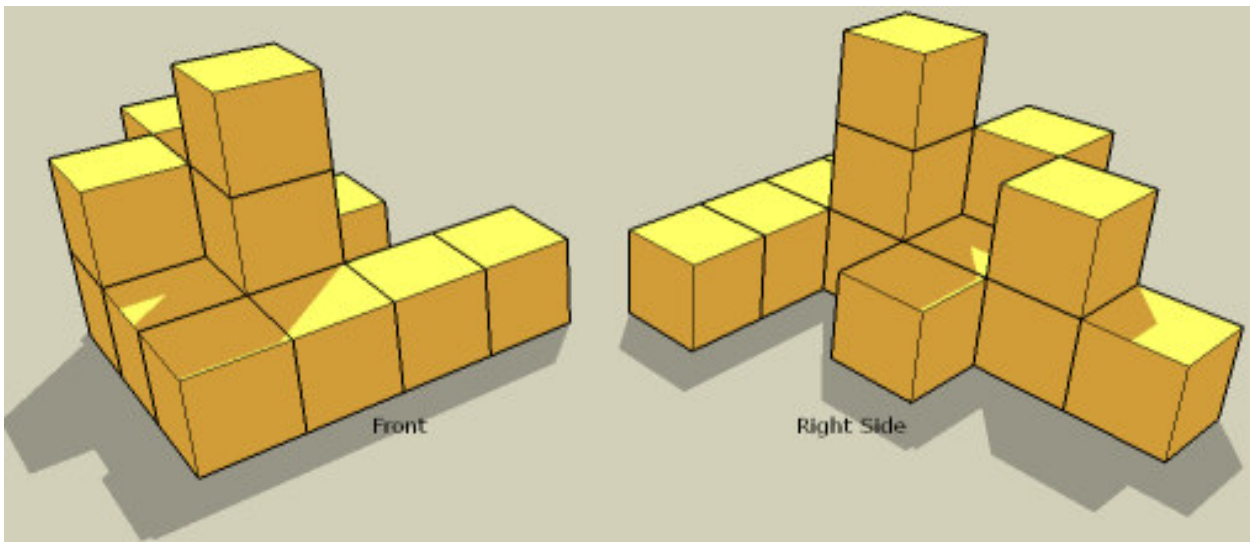

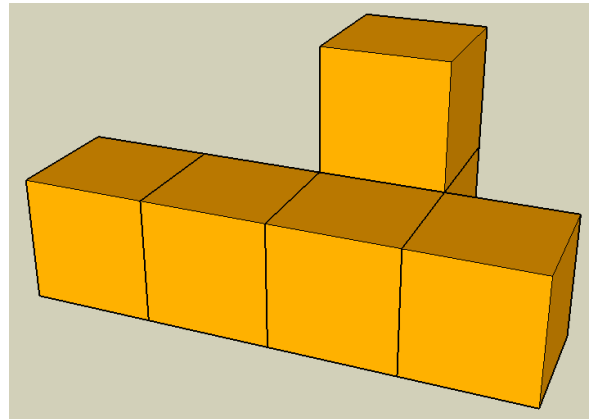

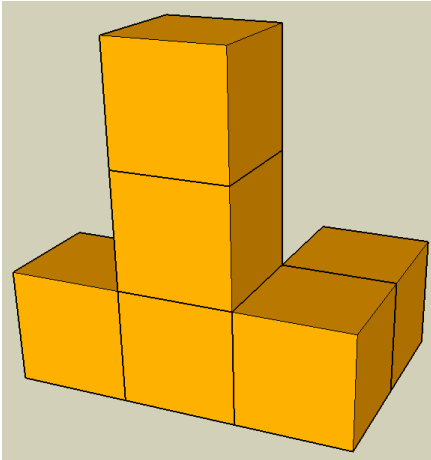

Connecting Cube Structures (B)

Instructions: Use connecting cubes to build the structures below. The bottom structure is shown from two different angles.

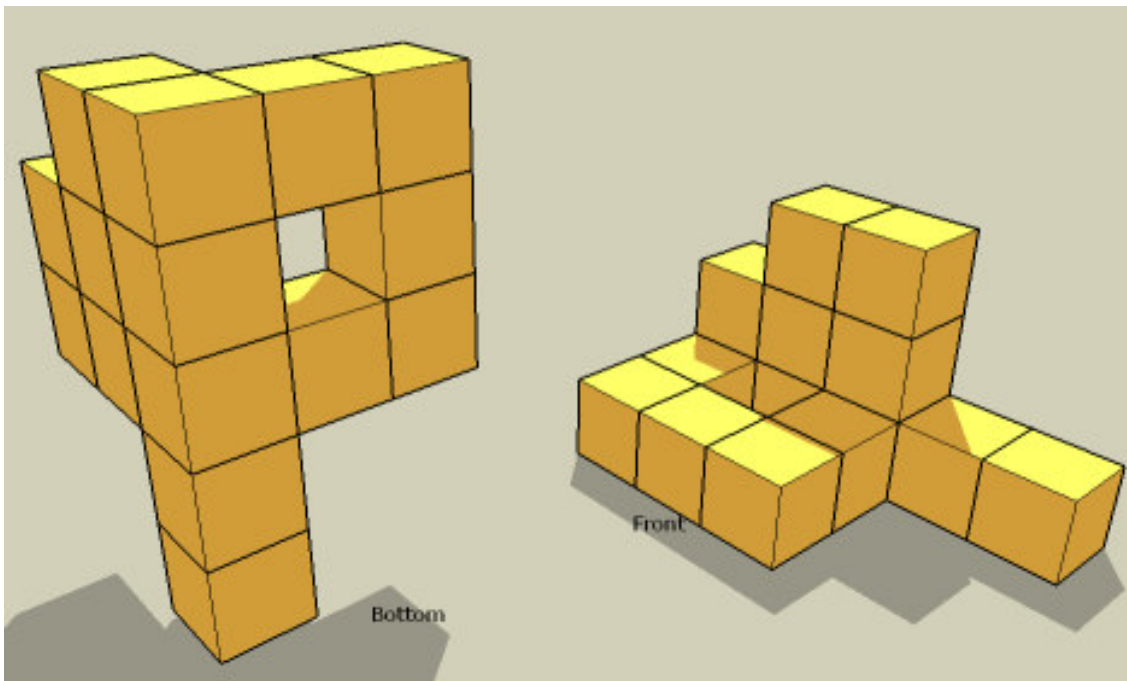

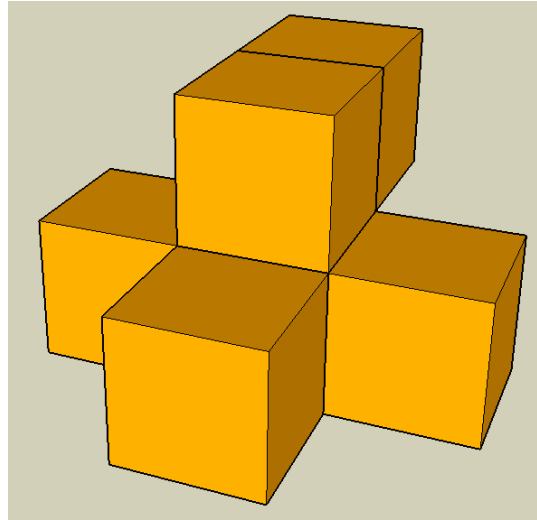

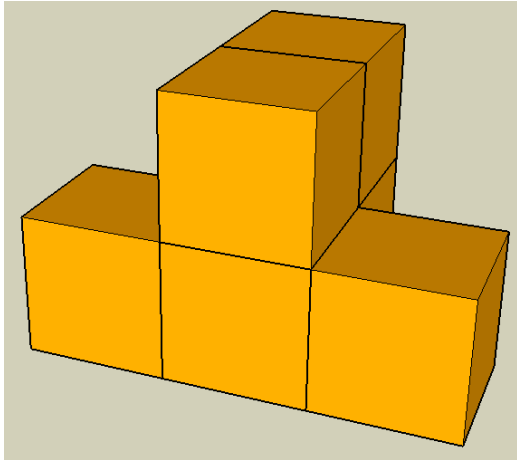

Connecting Cube Structures (C)

Instructions: Use connecting cubes to build the structures below. The bottom structure is shown from two different angles.

Connecting Cube Structures (D)

Instructions: Use connecting cubes to build the structures below. The bottom structure is shown from two different angles.

Connecting Cube Structures (E)

Instructions: Use connecting cubes to build the structures below. The bottom structure is shown from two different angles.
