$4.530 - 3.614 =$

$9.177 + 4.309 =$

$9.801 - 1.138 =$

## Adding/Subtracting Decimals to Thousandths (C) Answers

Calculate each sum or difference.

$7.434 + 3.387 = 10.821$

$5.562 - 4.391 = 1.171$

$4.854 - 4.591 = 0.263$

$8.249 + 5.561 = 13.81$

$9.964 + 5.310 = 15.274$

$8.775 + 7.512 = 16.287$

$8.766 + 6.304 = 15.07$

$4.891 - 1.353 = 3.538$

$7.373 - 2.451 = 4.922$

$8.003 - 2.834 = 5.169$

$7.077 + 7.030 = 14.107$

$9.504 + 2.648 = 12.152$

$2.320 + 2.150 = 4.47$

$6.595 + 2.647 = 9.242$

$2.249 + 1.815 = 4.064$

$5.583 - 2.229 = 3.354$

$7.373 - 2.850 = 4.523$

$4.530 - 3.614 = 0.916$

$9.177 + 4.309 = 13.486$

$9.801 - 1.138 = 8.663$
