

# Autumn Ratios (G)

Find each ratio and simplify, if necessary.

$$\begin{array}{l}
 \text{green leaf} : \text{orange leaf} = \quad : \quad = \quad : \\
 \text{orange leaf} : \text{green leaf} = \quad : \quad = \quad :
 \end{array}$$

$$\begin{array}{l}
 \text{yellow leaf} : \text{orange leaf} = \quad : \quad = \quad : \\
 \text{orange leaf} : \text{yellow leaf} = \quad : \quad = \quad :
 \end{array}$$

$$\begin{array}{l}
 \text{yellow leaf} : \text{orange leaf} = \quad : \quad = \quad : \\
 \text{orange leaf} : \text{yellow leaf} = \quad : \quad = \quad :
 \end{array}$$

$$\begin{array}{l}
 \text{yellow tree} : \text{green leaf} = \quad : \quad = \quad : \\
 \text{green leaf} : \text{yellow tree} = \quad : \quad = \quad :
 \end{array}$$
