Monster Yards (J)

Which monster has the yard with the greatest area? Greatest perimeter?

6 m

Monster Yards (J) Answers

Which monster has the yard with the greatest area? Greatest perimeter?

$$\begin{array}{c|c}
3 \text{ m} \\
\hline
A = 3 \text{ m}^2 \\
P = 8 \text{ m}
\end{array}$$

$$2 m$$

$$A = 2 m2$$

$$P = 6 m$$

$$A = 6 \text{ m}^{2}$$

$$P = 14 \text{ m}$$
