

## Multiplying by 22 (B)

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Score: \_\_\_\_\_

Calculate each product.

$19 \times 22 = \square$      $2 \times 22 = \square$      $2 \times 22 = \square$      $17 \times 22 = \square$

$4 \times 22 = \square$      $19 \times 22 = \square$      $17 \times 22 = \square$      $5 \times 22 = \square$

$2 \times 22 = \square$      $4 \times 22 = \square$      $14 \times 22 = \square$      $12 \times 22 = \square$

$8 \times 22 = \square$      $7 \times 22 = \square$      $15 \times 22 = \square$      $14 \times 22 = \square$

$14 \times 22 = \square$      $12 \times 22 = \square$      $4 \times 22 = \square$      $18 \times 22 = \square$

$15 \times 22 = \square$      $3 \times 22 = \square$      $13 \times 22 = \square$      $15 \times 22 = \square$

$11 \times 22 = \square$      $22 \times 22 = \square$      $21 \times 22 = \square$      $19 \times 22 = \square$

$22 \times 22 = \square$      $18 \times 22 = \square$      $7 \times 22 = \square$      $9 \times 22 = \square$

$17 \times 22 = \square$      $6 \times 22 = \square$      $8 \times 22 = \square$      $8 \times 22 = \square$
