

Converting Binary to Decimal (A)

Write each binary number as a decimal number.

1. Binary = 1001

Decimal =

2. Binary = 100000

Decimal =

3. Binary = 1100101101

Decimal =

4. Binary = 100001000

Decimal =

5. Binary = 10101001

Decimal =

6. Binary = 1010000100

Decimal =

7. Binary = 1011010111

Decimal =

8. Binary = 1010101111

Decimal =

9. Binary = 1101111110100

Decimal =

10. Binary = 110110101111

Decimal =
