

Converting Binary to Decimal (J)

Write each binary number as a decimal number.

1. Binary = 111
Decimal =

2. Binary = 111011
Decimal =

3. Binary = 10101001
Decimal =

4. Binary = 100111000
Decimal =

5. Binary = 1010110001
Decimal =

6. Binary = 1011011100
Decimal =

7. Binary = 111111111
Decimal =

8. Binary = 1010100100
Decimal =

9. Binary = 1000011001011
Decimal =

10. Binary = 10010101010001
Decimal =
