

Converting Binary to Other Bases (A)

Write each binary number in the base number system indicated.

1. Binary = 1001
Decimal =

2. Binary = 1010100
Hexadecimal =

3. Binary = 111001111
Hexadecimal =

4. Binary = 10010000
Octal =

5. Binary = 1001110011
Decimal =

6. Binary = 1110011
Hexadecimal =

7. Binary = 1000100100
Hexadecimal =

8. Binary = 111000111
Decimal =

9. Binary = 10010100111111
Decimal =

10. Binary = 1100101101111
Octal =
