

## Converting Octal to Decimal (A)

Write each octal number as a decimal number.

1.      Octal = 4  
        Decimal =

2.      Octal = 56  
        Decimal =

3.      Octal = 775  
        Decimal =

4.      Octal = 1606  
        Decimal =

5.      Octal = 443  
        Decimal =

6.      Octal = 1743  
        Decimal =

7.      Octal = 1113  
        Decimal =

8.      Octal = 1401  
        Decimal =

9.      Octal = 3746  
        Decimal =

10.     Octal = 21770  
        Decimal =

## Converting Octal to Decimal (A) Answers

Write each octal number as a decimal number.

1.      Octal = 4  
        Decimal = 4

2.      Octal = 56  
        Decimal = 46

3.      Octal = 775  
        Decimal = 509

4.      Octal = 1606  
        Decimal = 902

5.      Octal = 443  
        Decimal = 291

6.      Octal = 1743  
        Decimal = 995

7.      Octal = 1113  
        Decimal = 587

8.      Octal = 1401  
        Decimal = 769

9.      Octal = 3746  
        Decimal = 2022

10.     Octal = 21770  
        Decimal = 9208
