Mystery Number Trick (E) Instructions

- Have your friend select one number from one card.
- ▼ Tell your friend to keep the number secret.
- ▶ Have your friend identify all the cards that have that number on it.
- Add the numbers in the target position on the identified cards.
- ▼ The sum will be the number your friend selected.

53	15	57	43
41	49	63	31
61	45	1	17
55	3	59	35
11	13	29	51
27	25	39	21
23	7	9	5
33	47	37	19

Example:

- ▼ Your friend chooses 41, and keeps it a secret.
- ✓ Your friend identifies 3 cards that include the number 41.
- ▼ Those three cards have a 32, an 8 and a 1 in the target position.
- ▼ When you add 32, 8 and 1, you get 41.
- ▼ You tell your friend that their number was 41.
- Your friend is amazed!
