Name: \_\_\_\_\_

Date: \_\_\_\_\_

Calculate the probability of your spinner landing on each situation.

1. What is the probability of the spinner landing on a **C** in a single spin?
2. What is the probability of the spinner landing on **an I** in a single spin?
3. What is the probability of the spinner landing on a **number** in a single spin?
4. What is the probability of the spinner landing on a **Roman number** in a single spin?
5. What is the probability of the spinner landing on **any letter in the word SPINNER** in a single spin?

## Spinner Probabilities (A) Answers

Calculate the probability of your spinner landing on each situation.

1. What is the probability of the spinner landing on a **C** in a single spin?  $\frac{1}{4} = 0.25 = 25\%$
2. What is the probability of the spinner landing on **an I** in a single spin?  $\frac{3}{4} = 0.75 = 75\%$
3. What is the probability of the spinner landing on a **number** in a single spin?  $\frac{0}{4} = 0 = 0\%$
4. What is the probability of the spinner landing on a **Roman number** in a single spin?  $\frac{4}{4} = 1 = 100\%$
5. What is the probability of the spinner landing on **any letter in the word SPINNER** in a single spin?  $\frac{3}{4} = 0.75 = 75\%$
